# About the New Crystal Springs Colony Wastewater Treatment Lagoon Project

.....

You're invited to participate in the review of New Crystal Springs Colony Wastewater Treatment Lagoon Project proposal.

### Project Overview

Crystal Springs Colony has proposed a new colony development in the RM of Armstrong, located at SE 28-18-3 EPM. As part of the development, a wastewater treatment lagoon is proposed.

The lagoon will consist of two cells: a primary cell with a capacity of 6,538 m<sup>3</sup> and a secondary cell with a capacity of 21,856 m<sup>3</sup> for a total of 28,394 m<sup>3</sup>. The lagoon will include a synthetic HDPE liner and a gas venting system.

The lagoon will discharge into the Road 15E drain and travel north to Willow Creek. The effluent will follow Willow Creek east approximately 15km where it will enter Lake Winnipeg.

The Manitoba Clean Environment Commission, as requested by the Minister of Environment and Climate Change, will conduct a public hearing about the potential environmental impacts of the operation of the proposed project.

The hearing will take place in Fraserwood on April 21, 22 and 23, 2026 at the Fraserwood Community Hall at 10140 PR 231. Once finalized, a detailed schedule will be posted on the Clean Environment Commission's website at [www.cecmanitoba.ca](http://www.cecmanitoba.ca).

Using information gathered from the hearing, the commission will prepare a report for the minister with recommendations.

Hearing information may be viewed at [www.cecmanitoba.ca](http://www.cecmanitoba.ca). The environmental application may be accessed on the Department Environmental Public Registry, which is linked from the Clean Environment Commission's website.

### Register Today

An evening session on April 22 is reserved for public presentations. If you, your group or organization is interested in making a presentation at this hearing session, please register at least seven (7) days before the session. All presentations are limited to a maximum of 15 minutes. Please note that this limit may be reduced if there is a high volume of presenters. To register, please complete a presenter registration form available at [www.cecmanitoba.ca](http://www.cecmanitoba.ca) and submit to the commission at [cec@cecmanitoba.ca](mailto:cec@cecmanitoba.ca).

If you wish to make your presentation in French or an Indigenous language, please let us know as soon as possible.

### Written Submissions

If you prefer, you may provide a written submission. **The deadline for written submissions is April 7, 2026.** Submissions can be sent to [cec@cecmanitoba.ca](mailto:cec@cecmanitoba.ca).
